

Kids X02 "Sonoma" Cross back Chair (W-710-X02-Baby-CSP)

Specification

| Seat Height | Overall Height | Width | Weight | Seat Depth |
|-------------|----------------|-------|--------|------------|
| 13.5" | 25" | 14" | 8 lbs | 12.5" |

Benefits

- The chairs interlock, allowing you to stack up to 8 chairs.
- The chair is made from solid wood.
- Stainless steel nuts and bolts connect the chair frame to the back and legs
- The intricate finishing process is done by hand. The stain is applied and then left to dry. The next step is to wire brush the frame for a rustic effect. Finally the chair is sanded to remove any rough spots.

Features

- The chairs interlock, allowing you to stack up to 8 chairs.
- Chairs were successfully tested to 300 lbs. in a static load test.
- Tinted Raw
- Custom Colors available
