

Sonoma Cross Back X02 Stackable Chair (W-750-X02-B-TR)

Specification

Seat Height	Overall Height	Width	Weight	Seat Depth
18"	36.5"	17.5"	12.4 lbs	17.5"

Benefits

- made from solid wood.
- Stainless steel nuts and bolts connect the chair frame to the back and legs
- The intricate finishing process is done by hand. The stain is applied and then left to dry. The next step is to wire brush the frame for a rustic effect. Finally the chair is sanded to remove any rough spots.

Features

- Stackable barstools
- successfully tested to 300 lbs. in a static load test.
- Tinted Raw
- Custom Colors available
