

Oscar Chair (MO-101)

Specification

Seat Height	Overall Height	Width	Weight	Seat Depth
17.25"	34.5"	17.5"	11 lbs	12"

Benefits

- A superior stacking system allows the chairs to nest in one another, resting against Felt Patches rather than Bare Metal
- Reduces scratches during handling and storage by adding non-moving rubber stopper.
- The chairs are stackable to 8 high.
- Additional colors available upon request.
- COM cushion and customized color is available.

Features

- Chair has Powder Coating plus clear coating to protect surface better (Custom colors available)
- Chair seat, legs, and frame are made of actual 1.2 mm, 18 gauge steel construction.
- The legs have protective rubber feet that prevent damage to indoor flooring.
